MAP Goal Achievement By Quartile

Note: if no relationship existed between a student's achievement level and their growth, we would expect all of these bars to look roughly the same within each subject. If they do not, use this graphic to determine which quartiles of students are underperforming (these would be the quartiles with a lower % of students achieving MAP goals).

Note: This page lists ALL students whose Winter 2014 MAP RIT score equates to a predicted LEAP/LEAP achievement level below Basic. To see what proportion of students in your subject/GL achieved a score in each achievement level, refer to page 2. For a more targeted list of students, refer to page 5.

Note: Students in the "priority student" list did not meet their MAP Growth Goal AND did not meet the threshold for a predicted score of basic or better on the 2015 LEAP/LEAP. Students in the "NTS 2015" list did not complete the Winter 2014 MAP assessment. As the table of 2013 data indicates, none of the students who did not complete their Winter MAP last year achieved their EOY goals.
